

### **Study Note – Psalm 82 (Album 22 Song 1)**

**Historical Record:** Psalm 82 (Asaph) shows God standing in the divine council judging unjust “gods” (rulers/judges of Israel and nations) for partiality, oppression of poor, fatherless and weak (Exodus 22:22–24; Deuteronomy 1:17).

**Current Mirror Events:** Today’s world leaders and judges show the same injustice, corruption and oppression of the weak — exactly as described above.

**Heavenly Signs (2024–2025):** Multiple blood moons, solar eclipses and planetary alignments have occurred during global injustice and wars, often interpreted by remnant watchers as calls for God to “arise and judge the earth”.

All glory to Jesus Christ.
